2023-05-21	2030	Archaeology	Rescuing the Nile's Sunken Temple	Premiere	Nile's Sunken Sanctuary		0	Operation Philae. At the end of the 1970s, one of the largest Pharaonic sites in Egypt risked being swallowed up by the sea. It was thus 'moved' to an artificial island made to resemble the original - Philae. This film was made for the 40th anniversary of this rescue led by UNESCO. It will attempt to show how the ruins looked before the waters' rise by precisely reconstructing them in 3D and 4K. Discover the sanctuary in all its ancient glory. Thanks to comparative archaeology - using images of monuments' remains from the same period - it is now possible to imagine how even heavily damaged buildings looked like at the time down to the most minute of details - such as the colours and pigments of the bas-reliefs. Goodes was a champion AFL footballer and Indigenous leader. In the final years of his career, as he publicly called out racism, performed an on-field war dance celebration, and was accused of staging for free kicks, the cheers turned to boos. Made entirely from archival footage, photos and interviews, the film reviews the national conversation that took place over this period.	AUSTRALIA	English-100	2019	RPT	PG	a	Y	Y	Y
