2023-07-02	1730	History	Hitler And Stalin: A Secret Relationship	New Episode Hitler And Stalin: A Secret Relationship Series 1 Ep 2	01	2	With the German-Soviet pact, Stalin and Hitler put aside all political logic to let the Western democracies believe that such a rapprochement was impossible and finally reconcile the irreconcilable. For that, they had to send each other signals through trusted agents, sideline those on each side who opposed such a rapprochement, and wonder whether the other was bluffing before facing the facts: clearly each had understood that - human, political, ideological considerations aside - they had everything to gain by getting along. This episode archives the intimacy of the two monsters, their mutual fascination, their maneuvering to get closer, the marks of trust they exchanged and all the benefit they derived from the German-Soviet pact, before resuming their fight to the finish in June 1941. 2023-07-08	1735	History	Blood Money: Inside The Nazi Economy	New Series Premiere	World War On Credit, A	2021	1	As soon as he came to power in 1933, Hitler wanted to go to war. Warfare was central to Nazi ideology; the strong had to crush the weak. To go to war, he needed weapons and an army, but Germany had neither. A far cry from the fake images of prosperity, years of adversity had worn the country down. The Nazis launched themselves into an extraordinary operation of financial manipulation and managed to revive the economy by producing enormous quantities of weapons. That was the Nazi economic miracle of the 1935-1936 period - an overheated economy that needed a war to continue its mad race. In 1939, Hitler embarked on a war financed on credit, enormous credit using spoliation and upcoming appropriation as collateral.	GERMANY	English-80; French-10; German-10	2021								Y
